DISCUSSION

- 2023 Budget workshop – There was general consensus to conduct the Budget Workshop on March 23rd and to have CFO Bruno and Treasurer present.

TOWNSHIP COMMITTEE “COMMENTS”

Committeeman DeBaecke noted he was thrilled with the appointment of Richard Mellor to Sergeant. He noted what a fine job he does and was excited for him.

PUBLIC PARTICIPATION

Questions, comments or statements from members of the public in attendance.

Mayor Forsyth opened the meeting to the public. He noted due to the volume of people he would be limiting public comment to three minutes and must state your name and address for the record. He also noted some of the false information going around on Social Media. He stated there is a proposed warehouse pending.

Ms. Melanie Sorenson – Spartan Village – Ms. Sorenson noted she was trying to understand about the other land being developed. Mayor Forsyth noted this area has been industrial since at least 1978 and there is no zoning change. She expressed concerns regarding flooding, pollution, trash and various wildlife concerns. She inquired if the effects of the 200 residents in Spartan Village was reviewed. Mayor Forsyth stated yes along with the other 8,000 residents of North Hanover. He also reviewed the financial impacts.

Committeeman DeBaecke stated there was a lot of incorrect information be putting out. He stated there is no rezoning and most properties in this area are commercial. He gave an overview of the project and noted it is several smaller buildings with 10 offices in 5 buildings. He noted the redevelopment area allows the Township Committee to have more of a say in design. He also stated it is not zoned agricultural and reviewed the right to farm act. He reviewed the history of the property along with properties on both sides of the road. He also gave an overview of the wetlands on the property and stated this is not a naturally occurring wetland area, it was man made. He also stated the NJDEP has jurisdiction. He also mentioned the on-going Spartan flooding issues and stated this project should correct this situation. He noted the preliminary design has 20 different drainage areas. He also reviewed the tax benefits and the \$500,000 of new expenses the Town is facing for 2023. He also noted all truck traffic would be on County owned roads.

Mr. Manuel Saladin – Warren Drive – Mr. Saladin inquired as to the say so of building certain facilities in North Hanover Township. Committeeman DeBaecke noted certain uses are allowed by law. Mr. Saladin inquired as to the environmental impacts. It was noted the application was not submitted and those studies would be included in the application. Mr. Saladin also expressed concerns over the employment opportunities.

Ms. Kathryn Miller – 297 Sykesville Road – She inquired if she was able to look at the application when it comes in. Mayor Forsyth stated yes. Attorney Roselli noted the only thing that took place thus far was the redevelopment area and acceptance of the plan. He further explained the redevelopment law and the process.

Mayor Forsyth noted the various approvals needed from other entities before moving forward.

Ms. Carly Eidman – 468 Wrightstown-Sykesville Road – Ms. Eidman noted the elected officials are here to support our Town and that she had a petition against this project and wanted older buildings to be addressed. Mayor Forsyth noted a lot of those buildings are beyond repair and it is up to the property owners. He stated he was hopeful things would develop. Ms. Eidman stated when would the 200-foot list people be notified. It was noted that occurs when an application is actually submitted. She also expressed concerns over the notifications to the residents of Spartan Village. Mayor Roselli noted when the application is submitted the property owners would be notified and stated consideration will be given to notifying the residents of Spartan Village directly as recommended by the JLUB for the agreement, when executed.

Ms. Elsa Turner – 481 Wrightstown-Sykesville Road – She stated the project would be up against her property line and wanted to make sure the berm would placed near her property.

Mayor Forsyth and Engineer Hirsh noted the application has not been submitted and once it is her concerns can be addressed. Ms. Turner stated she wanted to make sure she has the same buffer as Spartan Village. Attorney Roselli also reviewed the long-term tax exemption law. Mr. Chris Opdyke – 258 Warren Drive – Mr. Opdyke noted the existing redevelopment zoning precludes the Township from stopping it. Attorney Roselli stated that was correct and reviewed the limitations of them applying for variances. Mr. Opdyke noted he moved here from Toms River due to development and was hoping this would not happen here. Attorney Roselli also reviewed Affordable Housing obligations and the pending next round. Deputy Mayor O'Donnell noted there are limited areas with this zoning and we will not get overwhelmed with Warehouse Development.

Mr. John Smith – 246 Warren Drive – Mr. Smith stated sometime ago the Township was looking for input on Redevelopment and there was a plan. Attorney Roselli noted the plan sat for many years and no one ever stepped forward and that plan had not changed. He noted the lack of water and sewer is an impediment to any development. Attorney Roselli stated attempts have been made and the concentration of people was also a problem. Developers are in the business of making money.

Resident not identified expressed concern over having the fire apparatus to tend to these buildings. Mayor Forsyth noted there would be a fire suppressant system and stated the application has not been submitted. Engineer Hirsh noted when the application is submitted all emergency services will have the ability to comment and have their concerns addressed.

Andrea – Sykesville Road – She noted it took 30 minutes for the fire department to respond to the recent fire in her neighborhood. Deputy Mayor O'Donnell noted the appropriate fire personnel will address any concerns they have. Engineer Hirsh again reiterated the ability to address these issues when an application is actually received. Ms. Andrea inquired about the Committee's knowledge of a vernal pool. Attorney Roselli gave an overview of a vernal pool and noted the NJDEP has jurisdiction. She also expressed concerns over water. Mayor Forsyth noted the soil is a B class soil that does not run off. He noted the soil tests will be submitted with the application. He noted the particular spot in question was a gravel hole not a natural made vernal pool. Committeeman DeBaecke noted this topic was the jurisdiction of the NJDEP. Mayor Forsyth noted on the wetlands map this location is not listed. Engineer Hirsh noted the stormwater rules require lessening the discharge and keeping it on site. He stated once the application is submitted questions could best be addressed. Attorney Roselli noted the redevelopment agreement is negotiable and if extra services are needed, when plan review occurs, then apparatus could be negotiated if needed. He stated that was another benefit of the redevelopment.

Resident not identified - Inquired if the NJDEP could come to a meeting. Mayor Forsyth stated we would inquire.

Mr. John Smith – 246 Warren Drive – He wanted to know if the Township Committee cares about the property values and are on the residents side or are they just sitting on their hands. Committeeman Doyle stated he does not want confrontation and this meeting is for expressing concerns not debate. He stated this Township Committee has never sat on their hands while residents suffer consequences. He noted the Committee has always tried working in a Bi-Partisan relationship to do what is best for the entire community. Mr. Smith inquired if there were tenants for the buildings yet. Mayor Forsyth stated it was unknown at this time. Attorney Roselli stated the prospective tenants have not been disclosed to the Township at this time.

Resident not identified – He stated he has a better understanding. He expressed concerns over the impact to the roads and if studies would be presented. Mayor Forsyth stated yes studies would be presented and noted travel would be on the County roads. Committeeman DeBaecke stated heavy truck use would not be on Township roads.

Pam – Spartan Village – She wanted clarification that North Hanover was unaware, at this time, the tenants of the warehouses. Mayor Forsyth confirmed. She then inquired if North Hanover opted in to Cannabis. Attorney Roselli said no, North Hanover opted out.

Lee – 257 Jacobstown-Arneytown Road – He inquired about light pollution and rules pertaining to that. Engineer Hirsh when the application is submitted it will include a lighting plan.

Ms. D'Amico – 4 Birch Court – Ms. D'Amico noted the fighting of Old York in Chesterfield. She expressed concern over new Police demand for reporting to the Warehouse for fighting. It

was stated that all Emergency Services will address any concerns they have. Engineer Hirsh stated there would be a community impact statement submitted with the application. An **unidentified resident** inquired if human health effects would be presented. Engineer Hirsh stated there will be air, light, water, environmental etc. that would be included.

Mr. McDough – Warren Drive – He expressed concerns over the aquifer. Mayor Forsyth stated these items would be addressed when the application is submitted. Attorney Roselli noted only the concept plan has been submitted.

Resident not identified – inquired if the final draft would be able to be viewed by Residents. She was informed yes.

Resident not identified – She expressed concerns over the land owner getting notification and not the residents of Spartan Village. Committeeman DeBaecke noted they will be required to notify the residents and that issue has been negotiated. He also noted it was not part of the law.

Resident not identified – She inquired as to what was going in at the old Ames. It was stated it was unknown at this time. Committeeman DeBaecke noted no application has been submitted. He also pointed out that a lot of businesses have come back in that area over the last six years. Committeeman Doyle noted the closing of the base after 9/11 had a great impact on the area and businesses could not survive. Committeeman Kocubinski noted businesses are in it to make money. He felt tonight’s conversation was productive.
