2023 STORMWATER COMPLIANCE – CHRISTA OUELLETTE OF ERI, INC.

Ms. Ouellette reviewed the new regulations under the Tier A Stormwater permit. She noted there were a lot more requirements and would be sharing the pressing highlights. She noted the new requirements went into effective January 1st. She stated the end goal was to reduce pollution in waterways and to address stormwater infrastructure issues. She noted there were 40 new requirements with the Tier A permit. She noted the stormwater website had to be up. She discussed the adoption and enforcement of a tree ordinance. She gave a synopsis of the Ordinance and noted the final draft has not been released yet. The Township Committee expressed displeasure with this requirement. She noted exceptions for diseased trees and that adoption was an order from the NJDEP. She stated all paved roads with inlets would need to be swept every four months and roads without inlets would need to be swept at least once a year. She suggested a shared service for street sweeping. The Township Committee expressed concerns over funding. She stated all inlets would need to be retrofitted with new heads by the year of 2028. She discussed the removal of excess salt from roadways after a storm. She stated all inlets need inspection at least once a year and the catch basins need inspections at the end of a 5-year cycle. She also noted Municipal owned stormwater basins need inspection at least once per year. She stated the owners of the private basins need notification they must inspect. She stated secondary containments for bulk liquid containers. She noted a stormwater infrastructure map is required to be developed, sent to NJDEP and post on website. This would also cover outfall inspections at 20 percent per year. She also stated a watershed report would also be required. Ms. Ouellette noted she made her own website. The Township Committee thanked Ms. Ouellette for her time and guidance.

PUBLIC COMMENT AS IT RELATES TO AGENDA ITEMS

Mayor Forsyth opened the meeting to the public.

Mr. Vito D'Amato – Mr. D'Amato inquired as to how the NJ Stormwater regulations effect Water Wells. It was noted the regulations do not address Water Wells. Ms. Ouellette noted the regulations would apply to new developments.

Mr. Greg Grauer – inquired does the NJDEP have a definition of tree species. Ms. Ouellette stated yes there is a listing.

Mr. Tom DeSample – Mr. DeSample inquired is the tree discussion related to Stormwater. He was informed yes it was connected.
